

E:f(ec) CLASSROOM GRANTS IN ACTION

This year, the Education Foundation of Eagle County received an unprecedented 58 classroom grant applications totaling \$98,395—over three times the number of applications we normally receive. Thanks to your generosity and a surprise donation, we're thrilled to grant \$73,034 in 2024—an increase of over \$50,000 from our usual awards. This will significantly impact our classrooms, and we couldn't be more grateful!
